# SIRINGIT SERENGETI CAMP

An eco-experience in the Serengeti

- Connect to the wilderness in luxury at Siringit Serengeti Camp as you experience the millions of hooves of wildebeest, zebra and Thomson's Gazelle undertake their annual migration to new grazing lands.
- The lodge aesthetically blends in with the natural landscape and operates with the protection of the environment in mind
- All power requirements is generated through solar power, and tents are raised on timber platforms to prevent 'grass burn' and protect the natural habitat of the smaller species of wildlife
